

GLEN LESLIE NEWS

It is that time of year – **GRADUATION TIME**. A time where students who have successfully completed their High School Education, receive a diploma and celebrate the achievement with family and friends.

While young men look forward to the tailored suit, for young ladies, it is usually marked with a beautiful dress, accessories and getting your hair done. For both, formal grad pictures are a necessity – capturing that special moment in time. And what better venue to utilize, than

the Provincial Historic Site known as the Glen Leslie Church. Not only did the young lady have her special photos there but also had photos taken with her “date” (a local young man) as well as with her family who included a very proud grandfather.

If you are looking for a unique setting for a perfect backdrop for photos –
Consider the Glen Leslie Church
