NEW SIGNAGE FOR THE PROVINCIAL HISTORIC SITE KNOWN AS THE GLEN LESLIE CHURCH

By Wanda Zenner – July 2022

Alberta Transportation was approached to install signage on Hwy 43 depicting the turnoff to view the Glen Leslie Church. An application was made to the “Tourism Highway Signage Program” and once approved; the signs were installed in early July. Just in time for the summer tourist-season when visitors are on the lookout for sites of historical significance.

Rack Cards, which are an effective advertising tool, have also been printed and are available at Lefty’s Café in Bezanson for those who are interested in the background of the Historic Site. Stop and enjoy the “Home-style Favorites” and pick up a “Rack Card”.
